

Message from the Chancellor

‘Knowledge is Power’ is the strong belief and practice of Kalinga University. The university’s foundation rests upon the robust researches undertaken which is strongly reflected through the Research Journals. It is a matter of great pride for me to release the International Journal of Engineering and Extended Technologies Research under the aegis of Kalinga University. It is a wonderful opportunity for our educational stalwarts and experts to publish their innovations and researches that will play a distinct role in bringing about their synergy.

I congratulate the editorial board and the entire team for the initiative and wish them all the success.

Best wishes to the Team !

Dr. Sandeep Arora

Chancellor,
Kalinga University
